ESCUELA SIMON BOLIVAR

1969 - 1970

María Teresa Márquez

DEDICATION - DEDICATORIA

The Yearbook is dedicated to Srta. María Teresa Márquez who has put many years of hard work into making Escuela Simón Bolívar a better school. She has been here 12 years and has helped advise student council and advised the yearbook several times. She maintains high standards for students which have helped them to reach high in their goals.

We hope this dedication shows her how much her efforts are appreciated.

Student Council Yearbook Committee.

El Libro del Año ha sido dedicado a la Srta. María Teresa Márquez, quien por muchos años ha trabajado con ahinco para convertir a la Escuela Simón Bolívar en una mejor institución docente. Ella ha estado con nosotros durante 12 años y ha actuado como consejera de nuestro consejo estudiantil y contribuido en muchas ocasiones a la realización del Libro del Año. Mantiene estrictas normas en conducta y rendimiento para sus estudiantes lo cual ha servido para que éstos hayan alcanzado grandes metas.

Es nuestro deseo que esta dedicatoria le demuestre cuánto apreciamos sus esfuerzos.

Comité Libro del Año del Consejo Estudiantil.

Thomas C. Desmond
Director

Rosa de Triana
Secretaria

A salute to "Our Faces", as the chronicle of the fruition of many ideas by many students from many lands.

"Our Faces" graphically represents "our" school. Though both faces and the school are pleasant to the eye, it is hoped that possessive pronoun "our" is more close to the spirit of the Simón Bolívar School.

To our graduates, who leave in June, remember, you will always be part of "our" school.

Thank you and Good Luck.

Thomas C. Desmond
Director

Un saludo a "Nuestras Caras", como la crónica de la frucción de muchas ideas nacidas de muchos estudiantes y provenientes de muchos países.

"Nuestras Caras" gráficamente representa a "nuestra" escuela. Aunque tanto las caras como la escuela son agradables a la vista, son mis deseos de que el pronombre posesivo "nuestra" esté más cerca del espíritu de la Escuela Simón Bolívar.

A nuestros graduandos, que nos dejan en junio, les recuerdo, que siempre serán parte de "nuestra" escuela.

Thomas C. Desmond
Director

COMENTARIOS

- FIRST GRADE : Si Si! We have been working very hard.
Miss Cordero We are most happy, but sad to see some of our classmates leaving.
We will all see you in Second Grade.
- SECOND GRADE : A year of discovery, - of ourselves, classmates and
Mrs. Feneri the world we live in.
- TERCER GRADO : Tanto las niñas como los niños han trabajado con
Sr. Prado gran interés durante este año escolar. Han competido en casi todos los aspectos de la clase, tratando de sacarle la mejor ventaja a su compañero.
- FOURTH GRADE : Around the World has been our theme this year. We
Mrs. Burns have studied the economic, social, and historical backgrounds of many countries. We also learned dances, songs, and games from each country. We discovered It's a Small World After All!
- FIFTH GRADE : A year filled with discovery, sincerity, thoughtfulness,
Mr. Elmore inquiry, discussion, wonder, friendship, laughter, alertness, and moments of grace and poise.
-Say it really wasn't such a bad year.
- SOCIAL STUDIES: We've tried to see that the world is related in many
Miss Stenson ways and interdependent, that in social studies sometimes it is necessary to put ourselves in the shoes of the other people.
- QUINTO Y SEXTO: Se ha desarrollado satisfactoriamente toda la materia
Srta P. Márquez programada de acuerdo a lo establecido por el Ministerio de Educación en Ciencias Sociales.
- LANGUAGE : The students have increased and enriched their literature
Miss Ash background through challenging and enjoyable reading. Also they have tried to reach a higher degree of competency in use of English language through observing, listening, speaking, and writing.
- SEXTO GRADO : Práctica sistemática de la ejercitación oral, mental
Srta M. Márquez y escrita en el uso del cálculo y la rapidez para la adecuada solución de los problemas. Identificación y construcción de figuras geométricas. Apreciación y uso de sistemas y medidas. Estudio práctico y razonado de los acontecimientos científicos de la era cósmica en relación con los hechos del pasado. El universo al alcance de la mano del hombre.
- Narración, descripción de estos hechos para un análisis completo sobre nuestro idioma español; Arte respecto a las tendencias modernas del hombre y de la sociedad en el siglo XX. El lenguaje como expresión artística de un pueblo y una cultura.
